SUMMARY

Results-driven Full Stack Developer with 1 year of experience at Skillsafari. Proficient in front-end and back-end development, with expertise in HTML, CSS, JavaScript, and multiple frameworks. Skilled in designing and implementing scalable, efficient, and user-friendly web applications. Committed to staying up-to-date with the latest technologies and continuously improving coding skills. Excited to contribute to the success of Skillsafari as a Full Stack Developer.

EXPERIENCE

Full Stack Developer | Skillsafari
March 2023 - Present, Coimbatore

- 1. Three projects predominantly concentrated on frontend development.
- 2. Utilized technologies including HTML, TailwindCSS, React.js, and Firebase.
- 3. Directed a fourth project as a full stack endeavor, utilizing the MERN stack.
- 4. MERN stack components utilized: MongoDB, Express.js, React.js, and Node.js.

PROJECTS

MERN Blog Web Application | Skillsafari
https://blog-version-two.vercel.app/, December 2023 - January 2024

- 1. Developed a MERN stack blog web application for managing and publishing blog posts.
- 2. Designed and developed the backend using Node.js and Express.js to handle API requests and database operations.
- 3. Utilized MongoDB as the database to store blog posts, user information, and authentication data.
- 4. Integrated Next.js for building the frontend interface, including components for displaying blog posts, creating new posts, and managing user accounts.
- 5. Implemented CRUD (Create, Read, Update, Delete) functionality for blog posts, allowing users to create, edit, and delete the posts.

Ecommerce Web Application | Skillsafari
https://ecomfirebase.netlify.app/, November 2023 - December 2023

- 1. Developed an e-commerce web application using React.js and Firebase.
- 2. Implemented features including user authentication, product listing, shopping cart functionality, and checkout process.
- 3. Integrated Firebase for real-time database capabilities, user authentication, and hosting.
- 4. Designed and implemented responsive UI/UX for optimal user experience across devices.
- 5. Utilized React.js for efficient state management and component-based architecture.

Blog Web Application | Skillsafari
https://blog-shine.netlify.app/, November 2023 - December 2023

- 1. Developed a blog web application utilizing React.js and Firebase.
- 2. Implemented features such as user authentication, blog post creation, editing, and deletion functionalities.
- 3. Integrated Firebase for real-time database capabilities, user authentication.
- 4. Designed and implemented a user-friendly interface for creating and managing blog posts.
- 5. Utilized React.js for efficient state management and rendering content.

Movie Database Web Application | Skillsafari
https://movie-app-rho-amber.vercel.app/, November 2023 - December 2023

- 1. Developed a Movie Database web application using Next.js and TMDB API.
- 2. Implemented features such as movie search, browsing by category, and viewing movie details.
- 3. Integrated TMDB API to fetch movie data including titles, descriptions, and images.
- 4. Designed and implemented a user-friendly interface for browsing and interacting with movie listings.

EDUCATION

Master of Technology in IT | PSN College of Engineering and Technology, Tirunelveli
8.0, Tirunelveli, 2019

Bachelor of Engineering in Computer Science | Universal College of Engineering and Technology, Tirunelveli
7.0, Vallioor, 2016

CERTIFICATIONS

Full Stack Development Certification | Skillsafari
2024
